

CLAIMS

I claim:

1. A child's entertainment system comprising:
 - a stroller, said stroller having a back wall, a pair of side wall areas and a rear wall;
 - a pair of audio speakers, each of said speakers disposed in a respective side wall;
 - a perforate heavy padding, said perforate heavy padding enclosing each of said pair of audio speakers; and
 - an audio component, said audio component disposed on said rear wall.
2. A child's entertainment system as recited in claim 1, wherein said heavy padding is fabricated of a durable, soft, supple material.
3. A child's entertainment system as recited in claim 1, wherein said heavy padding is fabricated from a rain-resistant material.
4. A child's entertainment system as recited in claim 1, including a pocket positioned on said rear wall, wherein said audio component is disposed in said pocket.

5. A child's entertainment system as recited in claim 4, wherein said pocket is fabricated from rain-resistant material.

6. A child's entertainment system as recited in claim 1, including a CD holder positioned on at least one of said pair of sidewalls.

7. A child's entertainment system comprising:

a stroller, said stroller having a back wall, a pair of side wall areas and a rear wall;

a pair of audio speakers, each of said speakers disposed in a respective side wall;

a perforate heavy padding, said perforate heavy padding fabricated from a durable, soft, rain-resistant, supple material and enclosing each of said pair of audio speakers; and

an audio component, said audio component disposed on said rear wall.

8. A child's entertainment system as recited in claim 7, including a pocket positioned on said rear wall, said pocket having an opening, wherein said audio component is disposed in said pocket.

9. A child's entertainment system as recited in claim 8, including a flap for closing said opening in said pocket, wherein hook and loop fasteners are disposed on said flap and said pocket for securing said flap in a closed position.

10. A child's entertainment system as recited in claim 9, wherein said audio component is provided with speaker wires and said flap has openings therein for receiving said speaker wires.

11. A child's entertainment system as recited in claim 10, including cover members for securing said speaker wires to said rear wall.

12. A child's entertainment system as recited in claim 11, including hook and loop fasteners disposed on said cover members for securing said speaker wires to said rear wall.

13. A child's entertainment system as recited in claim 12, wherein said pocket is fabricated from rain-resistant material.

14. A child's entertainment system as recited in claim 13, including a CD holder positioned on at least one of said pair of sidewalls.
